

Cheryll Kent & HICKORY WIND

"not your normal country"

This northern California 4-piece *americana* band is available for bookings at HickoryWindMusic.com.

Their country folk-rooted sound draws from bluegrass, folk, classic country standards, and country rock.

The "Hickory Wind" sound would be familiar to anyone who knows the music of *Emmylou Harris and the Hot Band*, *The Byrds*, *Graham Parsons* and *Linda Ronstadt*.

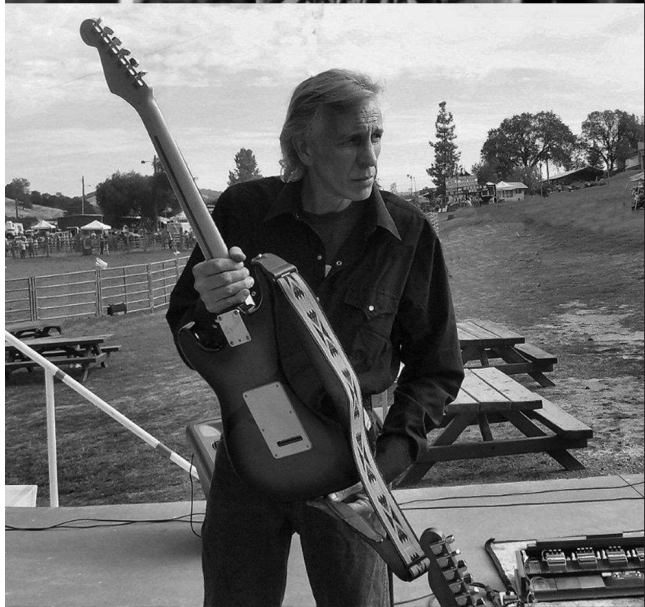

Centered around the lovely and distinctive voice of Cheryll Kent, Hickory Wind is known for its sweet vocal harmonies and tasty instrumental leads.

Typically a four-piece band, they also perform as a duo or trio with Cheryll Kent on rhythm guitar and lead vocals, Fred Kent on bass and vocals, (the duo), adding Randall James on lead guitar (the trio), and Jamie Faw on drums (the band).
